NOTICE TO THE TRAVELLING PUBLIC.—HAVING placed the steamer Clifton, Capt. Elmendorf, on the river for the purpose of accommodating the residents of sing Sing and intermediate landings, who have so liberally and generously supported her, I deem it necessary to make the following explanation. For the purpose of non-taterference with any other steamer running on the same route, I fixed the hour of her departure from New York route, I fixed the hour of her departure from New York at 3 o'clock. This time differed in the hours of starting with any other line. I perceive, by a notice emanating from the other steamer that 5th 4hd 4he Monday netticate is to start at the same hour with the Cliffon. The object of this is apparent. But the public, who have so therally encouraged this enterprise, may rest assured that no attention will be paid to any other heat that gasy be placed significantly and proper aftention to the comfort of those who may partonize her; and I most scientify pledge myself that no exertions shall be used to increase her speed to the danger of the lives of the prisengers. Such orders I have given my officers.
